ENAIRe's Control Centre in Barcelona manages an airspace that covers 300,000 square kilometres and includes Catalonia, Valencia, part of the regions of Murcia and Aragon, as well as a large patch of Spain's Mediterranean territorial waters. The Barcelona and Valencia terminal areas (TMA) fall within its radius.

### About ENAIRe

ENAIRe is the company belonging to the Public Works Department that provides air navigation services in Spain. It renders aerodrome control services at 21 airports, including the busiest in terms of air traffic, plus en-route and approach control, from five control centres: Barcelona, Madrid, Gran Canaria, Palma and Seville.

In 2018 ENAIRe handled 2.1 million flights to and from four continents (Europe, America, Asia and Africa), transporting 300 million passengers.

ENAIRe is the fourth most important European air navigation service provider, and, in a clear commitment to the Single Sky initiative, belongs to international partnerships such as SESAR (Single European Sky ATM Research) Joint Undertaking, SESAR Deployment Manager, A6, ITEC, CANSO (Civil Air Navigation Services Organisation) and ICAO (International Civil Aviation Organization).
