

## ENAIRe announces vacancies and job openings in occupational medicine

- The vacancies are for 3 permanent occupational medicine jobs in the regional offices of Madrid, Barcelona and the Canary Islands.
- Reserve candidates will be accepted for occupational medicine and nursing jobs at each of our five regional offices and at Central Services.

### 6 April 2021

The State-Owned Company ENAIRe, the national air navigation service provider, announces **3 openings** for permanent staff positions in occupational medicine in the Control Centres of Barcelona, the Canary Islands and Madrid.

The announcement also includes job openings in occupational medicine and nursing at each of its five regional offices (Barcelona, Canary Islands, Madrid, Palma and Seville Control Centres) and at Central Services (Madrid).

As a result of the selection process, reserve candidates will be accepted for the following lists:

- Centre list for fixed and temporary positions, which will contain the list of suitable candidates for a specific job opening and work centre.
- National list for fixed and temporary positions, which will contain the list of suitable candidates for a job opening, regardless of the work centre.

### Publication and requirements

This announcement and all its requirements are available on the ENAIRe website, [www.enaire.es](http://www.enaire.es) (<https://empleo.enaire.es/empleo/>) in the "Recruitment Processes" section, where all the information associated with the selection process will be published.

Applications may be submitted from midnight (CET) on 7 April until 23:59 (CET) on 30 April, 2021.

This information can be used, in whole or in part, without citing the source

Avda. de Aragón, 330 - 28022 Madrid. Spain. T. +34 912 967 551/53

Applications can only be submitted through the ENAIRe Employment Portal website:

### **About ENAIRe**

ENAIRe is the air navigation service provider in Spain.

As a company of the Ministry of Transport, Mobility and the Urban Agenda, it provides en route control services for all flights and overflights from five control centres in Madrid, Barcelona, Seville, Gran Canaria and Palma, as well as approach services to every airport in the country.

In addition, 45 control towers receive ENAIRe's communication, navigation and surveillance services, and 21 airports, including the country's busiest, rely on its aerodrome control services.

ENAIRe is the fourth most important European air navigation service provider, and, in a clear commitment to the Single Sky initiative, belongs to international partnerships such as SESAR Joint Undertaking, SESAR Deployment Manager, A6 Alliance, iTEC, CANSO and ICAO.

ENAIRe is the official provider of aeronautical information in Spain.
